### Christa, MPT

Christa received her master of physical therapy degree (MPT) from the University of North Carolina at Chapel Hill. She has done clinical rotations in a variety of settings, including working with pediatric patients in the home setting with emphasis on treating children under the age of 5. She also did volunteer work with a pediatric dance class after graduating from PT school. Christa currently works with children 0-3 years old in the child's natural setting. She previously worked for several years treating children ages 0-21 and adults in an outpatient setting for functional impairments resulting from neurological disorders, developmental delays and orthopedic injuries. She has experience with land-based and aquatic therapy, orthotics and prosthetics (assessment and training), and evaluating for durable medical equipment and wheelchairs.

#### Christa has worked with a variety of diagnoses including, but not limited to, the following:

Arthrogryposis	Down Syndrome	Hypotonia	Seizures
Cerebral Palsy	Genetic Disorders	Neurological Disorders	Sensory Integration
Cognitive Delays	Hydrocephalus	Orthopedic Issues	Torticollis
Developmental Delay	Hypertonia	Prematurity	Visual Impairments

#### Continuing Education/Experience/In-Services:

- Kinesio Taping Techniques for Child
- Theratog Applications and Brushing Techniques for Child With Sensory Needs

Christa will educate and assist your family to find the resources you need to allow your child to succeed. She is a patient, caring therapist who will look at your child as a whole and incorporate all areas of development to promote functional movement and growth in your child. Christa will work closely with your family and other professionals to ensure your child reaches his/her highest gross motor potential.
