Cassidi, DPT

Cassidi is a licensed physical therapist who received her doctorate in physical therapy from East Carolina University in 2019. Upon graduation, she worked in an outpatient setting in Virginia treating adults and children birth-21 years old until mid 2022. Cassidi then relocated to her hometown of Fayetteville, NC and continued to provide outpatient services to children and adults on the Autism Spectrum. Cassidi also worked with early intervention providing services for children birth-3 years old in the home and community while in Virginia.

Cassidi has worked with a variety of diagnoses including, but not limited to, the following:

Autism Spectrum Disorder	Developmental Delays	Seizures
Attention-Deficit/Hyperactivity Disorder	Down Syndrome	Sensory Integration
Arthrogyposis	Genetic Disorders	Spinal Cord Injury
Cerebral Palsy	Hypotonia/Hypertonia	Toe Walking
Cognitive Delays	Hydrocephalus	Torticollis
Congenital Limb Deficiencies	Neurological Disorders	Traumatic Brain Injury
	Orthopedic Issues	Visual/Hearing Impairments
	Prematurity	

Education/Experience/In-Services:

- Cassidi continues to provide early intervention services in home in Cumberland, Hoke, Harnett, Scotland, Lee, and Richmond counties.

Cassidi educates and assists the family to find the resources needed to allow their child to succeed. She is a patient, caring therapist who believes that each child must be given the opportunity to develop to his/her fullest gross motor potential. Cassidi looks at the child as a whole and incorporates all areas of development to promote functional movement and growth in a child.
