Bailey, PT, DPT

Bailey is a licensed physical therapist who earned her doctorate in physical therapy from Elon University in 2018. Upon graduation, she worked in an outpatient setting treating both adults and children with neurologic, orthopedic, and vestibular conditions. Bailey decided her heart lay in pediatrics after treating this special population in the clinic and witnessing transformation at home in her daughter, who required early intervention services as an infant in 2021. She currently specializes solely in pediatrics in homes in Wake County.

Bailey has worked with a variety of diagnoses including, but not limited to, the following:

Autism Spectrum Disorder	Developmental Delay	Spinal Cord Injury
Cerebral Palsy	Down Syndrome	Torticollis
Cognitive Delays	Genetic Disorders	Traumatic Brain Injury
Congenital Limb Deficiencies	Hypotonia/Hypertonia	Visual/Hearing Impairments

Continuing Education/Experience/In-Services:

- Bailey has completed orthopedic excellence certificate programs for the spine, upper quarter, lower quarter, and vestibular rehabilitation.
- She has also taken continuing education courses in:
 - exercise design
 - postpartum rehab
 - post surgical rehab
 - sports management
 - Kinesio taping
 - lymphedema
 - pain perception
 - ethics, leadership, and motivation

Bailey makes it a priority to respectfully meet children and their families where they are and to help them to achieve their personalized goals, whatever they may be. She strives to engage in each moment with her patients with a sense of curiosity, kindness, playfulness, amazement, and an open heart in order to allow for each child to strive toward their highest potential and to celebrate their wins.
